NEWSLETTER

November 13-19, 2021

Dear Tyee Parents/Guardians of 9th and 10th Graders,

We hope everyone is doing well and staying safe.

We are coming to you today asking for some help and support.

Our 9th and 10th students should not be leaving campus for any reason during day unless they are being picked up or it is time to go home. Once they are on campus, we are responsible for them and their safety.

What we are experiencing now, is that some of our 9th and 10th graders are leaving campus during lunch and crossing 188th to go to the 76 gas station across the street. This is not okay. They need to remain on campus during lunch time.

Our ask is for you to remind your student(s) of this.

We are partners in all the work we do in service our students.

Thank you.

Dear Tyee Parents/Guardians of 11th and 12th Graders,

We hope everyone is doing well and staying safe.

Please remind your student they are not to leave campus unless they have a consent form signed and on record in our office.

We have seen a recent uptick of 11th and 12th graders just leaving campus without having the necessary paperwork on file.

Once your student(s) arrives on campus we are responsible for them and we want to make sure they are safe.

We are partners in this work of serving your student(s).

We appreciate the support.

Thank you.
