

### Tyee Gets Ready for Olympic Move

Starting September 2023, Tyee High School will be a guest at our Olympic Interim Site for two years, while a new, 21st-century high school is constructed at Tyee. [See photos](#) of the Olympic site. It is located at 615 South 200th Street in Des Moines, across from North Hill Elementary School.

[Find out](#) what Tyee Titans can expect while there, including larger classrooms with air conditioning, transportation for all Tyee students, and the plan for where athletes will practice and compete.

## Highline's 2023 Social Media Senior Spotlight Nomination Form

### Congratulations Class of 2023!

As you prepare to embark on the next chapter of your lives, we want to celebrate your achievements and showcase your unique talents and goals. We invite you to complete our Social Media Senior Spotlight Nomination Form. This is your chance to share your story and inspire others in our community.

To participate, please take a moment to answer a few questions and submit your photo. We also encourage families and teachers to help seniors with this nomination form. Let's make this a memorable and meaningful experience.

[Submit your information today.](#)

Don't miss out on this opportunity to be featured on social media in our Senior Spotlight!

## Congratulations to Harmony Grace!

### King County Region 2022 Washington STEM Rising Star

*Nominated by her teacher*

"Harmony seeks out STEM opportunities outside of school...She also seeks to uplift and inspire others around her."

"I was her 9th grade biology teacher. I was also the advisor for an afterschool club that Harmony participated in called [Techbridge Girls](#) which was run in conjunction with a local non-profit. She would have continued to participate in the program if Techbridge had not closed their Seattle offices.

Harmony has a passion and aptitude for STEM. She seeks out STEM opportunities outside of school, evidenced by her participation in Techbridge Girls for several years throughout middle and high school (when they were operating in our district).

She also seeks to uplift and inspire others around her. For example, 2 weeks ago she approached me to ask for support with creating a [Girls Who Code](#) afterschool program at our school since we no longer offer any STEM programming. She was interested in supporting other students in doing this program and helping to ensure that there are opportunities to engage in STEM beyond school hours." -**Satprit Kaur**, teacher at Tyee High School

This survey was created by a WELS student and they would appreciate hearing from you!

### Climate Emotions Survey
